41-----(1) An applicant for a special licence shall submit his application in the prescribed form to the Minister together with the prescribed application fee.

Grant of special licence

(2) The Minister may grant a special licence when an emergency or other exigent circumstances exists.

(3) A special licence shall be for a term not to exceed ten calendar days and shall not be renewable.

(4) The Minister shall immediately upon issue of a special licence, inform the Commission and ECTEL.

PART IV

UNIVERSAL SERVICE, INTERCONNECTION, INFRASTRUCTURE, SHARING, NUMBERING

42. ---(1)The Minister may include as a condition in the licence of a telecommunications provider a requirement to provide universal service, except that such requirement shall be carried out in a transparent, non-discriminatory and competitively neutral manner.

Provision of universal service

(2) A telecommunications provider who is required by its licence to provide universal service to any person shall do so at such price and with the quality of service specified in the licence.

Universal Service Fund.

43.--- (1) There shall be established a Fund to be known as the Universal Service Fund, which Fund shall be managed by the Commission in accordance with regulations made by the Minister.

(2) Every telecommunication provider shall contribute to the Universal Service Fund.

(3) The Minister shall, by Order specify the percentage of the gross revenue which a telecommunications provider referred to in subsection (1) shall contribute to the Universal Service Fund, except that the percentage to be contributed shall be the same for all providers.

(4) The Minister shall by Order specify which telecommunications provider in Grenada is entitled to receive payments for the Universal Service Fund.

Purpose of the Fund

44.-----(1) The Fund shall be used by the Commission, on the recommendation of ECTEL, to compensate any telecommunications provider who is required to provide universal service by virtue of section 42 of this Act or to otherwise promote universal service.

(2) The amount of compensation payable by virtue of subsection (1) shall be computed in accordance with the regulations made by the Minister on the recommendation of ECTEL, and the conditions attached to the licence of the telecommunications provider and shall be paid to the relevant telecommunications providers by the Commission.

(3) In making the regulations referred to in subsection (2) the Minister shall also be guided by the actual cost that is incurred in making available the required universal service.

45.-----(1) Subject to subsection (5), a telecommunications provider who operates a public telecommunications network shall not refuse, obstruct, or in any way impede another telecommunications provider from making an interconnection with his telecommunications network.

Interconnection and
infrastructure sharing

(2) A telecommunications provider who wishes to interconnect with the telecommunications network of another telecommunications provider shall so request that provider in writing.

(3) A telecommunications provider to whom a request for interconnection is made, shall, in writing, respond to the request within a period of four weeks from the date it is made to him.

(4) A telecommunications provider in acceding within four weeks to the request for interconnection shall nominate the time as agreed to by both parties in which the interconnection shall be effected.

(5) A telecommunications provider to whom a request for interconnection is made may in his response refuse that request in writing on reasonable technical grounds only.

(6) A telecommunications provider on receipt of a refusal for interconnection may refer that refusal to the Commission for review and possible dispute resolution.

(7) A telecommunications provider providing an interconnection service in accordance with this section shall impose reasonable cost based rates, and such other reasonable terms and conditions as the Commission may determine.

(8) Any interconnection service provided by a telecommunications provider pursuant to the provision of subsection (7) above shall be on terms which are not less favourable than:

- (a) those of the provider of the interconnection service;
- (b) the services of non-affiliated suppliers; or
- (c) the services of the subsidiaries or affiliates of the provider of the interconnection service.

(9) No telecommunications provider shall; in respect to any rates charged by him for interconnection services provided by him to another telecommunications provider, vary the rates on the basis of the type of customers to be served, or on the type of services that the telecommunications provider requesting the interconnection services intends to provide.

Interconnection agreements

46.-----(1) No person shall enter into any interconnection agreement, implement or provide interconnection service without first submitting the proposed agreement to the Commission for its approval, which approval shall be in writing.

(2) Interconnection agreements between telecommunications providers shall be in writing, and copies of the agreements shall be kept in a public registry maintained by the Commission for that purpose and open to public inspection during normal working hours.

(3) The Commission shall prepare, publish, and make available copies of the procedures to be followed by the telecommunications providers when negotiating interconnection agreements.

47.----- (1) The cost of establishing any interconnection to the telecommunications network of another telecommunications provider shall be borne by the telecommunications provider requesting the interconnection. Cost of interconnection

(2) The cost referred to in subsection (1) shall be based on cost-oriented rates that are reasonable and arrived at in a transparent manner having regard to economic feasibility, and sufficiently unbundled such that the supplier of the interconnection service does not have to pay for network components that are not required for the interconnection service to be provided.

48. Sections 45, 46 and 47 shall apply to infrastructure sharing, *mutates mutandis* Infrastructure sharing

49.----- (1) Where access to telecommunications towers, sites and facilities is technically feasible, a telecommunications provider (the first provider) must, upon request, give another telecommunications provider (the second provider) access to a telecommunications tower owned or operated by the first provider, or to a site owned, occupied or controlled by the first provider, or to an eligible underground facility owned or operated by the first carrier, for the sole purpose of enabling the second provider to install a facility for use in connection with the supply of a telecommunications service. Access to towers, sites and
underground facilities

(2) A telecommunications provider, in planning the provision of future telecommunications services, must co-operate with other telecommunications providers to share sites and eligible underground facilities.

(3) Access to sites, towers or eligible underground facilities pursuant to this section shall, *mutatis mutandis*, be on such terms as set out in sections 45 to 47 above, and otherwise on such terms and conditions as are agreed between providers or, failing agreement as determined by the Commission.

Private networks.

50.--- (1) The licence requirement in section 29 of the Act applies to the provision of operation of private telecommunications network and a frequency authorization is required to operate a private telecommunications network providing radio-communications services or that utilises the radio frequency spectrum

(2) A private telecommunication network shall not be used for resale, except that the owner of a private network may resell spare capacity on its facilities or cede or assign his or her rights to use such facilities or sublet or otherwise part with control thereof to a licensed telecommunications operator.

(3) Where the operator of a private network intends to offer telecommunications directly to the public for a fee, or to such classes of users as to be effectively available directly to the public, such an operator requires to apply for an individual licence under section 29 of the Act.

(4) A private telecommunication network shall not be restricted to the carrying of voice only or data only or to any other such use.

Numbering

51.---- (1) The Commission shall establish and manage a national plan for the allocation of numbers among telecommunications providers in accordance with the regional plan established by ECTEL.

(2) The Commission shall, in managing the national plan for the allocation of numbers among telecommunications providers, have the power to reallocate and reassign numbers to the extent reasonably required to implement and administer the national numbering plan.

52. The Commission shall assume responsibility for the registration and management of internet domain names
