

SCHEDULE A

No.

INSPECTION CERTIFICATE OF APPROVAL
Electricity Supply (Inspection) Regulations, SRO. No. 17 of 1966

I CERTIFY that the whole/part of the Electrical Installation No.
for

..... details of which are given below has been inspected and
tested on, and that to the best of my
knowledge and belief, the above Electrical Installation satisfies the requirements of sections
3 and 4 of the Electricity Supply (Inspection) Regulation (SRO. No. 17 of 1966) and the
rules made thereunder. The whole/part of the Electrical Installation when tested with a
constant pressure of Volts D.C. showed an insulation resistance of
.....ohms. between all unearthed conductors and the earth electrode, and
between all conductors earthed and unearthedohms. The effectiveness
of the continuity taken between any earthed material of the above Electrical Installation and
the earth electrode showed a resistance ofohms. The test was carried
out with all switches and all lamps out/in.

The above Electrical Installation consists of:—

.....

I recommend that this installation be periodically inspected and tested at intervals
of not more than years and a report obtained on its
condition.

.....

Electrical Inspector.

.....

Electrical Inspectorate Supervisor.
