Table 92: Number of Responses to Pre-Export Notifications Received by Grenada from Exporting Countries during Period under Review was not Approved or Resulted in an Investigation in Grenada

Introduction:

Grenada Drug Epidemiology Network (GRENDEN)

The Grenada Drug Epidemiology Network (GRENDEN) is the mechanism through which Grenada collects, analyzes, and disseminates information on drugs, and related information, for the purpose of monitoring trends, developing policy, and implementing appropriate programmes and responses. It is comprised of institutions which work in the area of drug control.

The objectives of GRENDEN are:

- i. To provide accurate, relevant and timely statistical data on the nature and extent of the drug situation in Grenada;
- ii. To increase coordination, dialogue, and cooperation among the institutions which work in the area of drug control, through the exchange of drug-related statistical information;
- iii. To inform policy makers and the general public on drug trends and related matters.

GRENDEN, formerly known as GRENDIN, was established on 11 December 2002, and endorsed by Cabinet, effective 22 December 2002.

The Drug Control Secretariat is the National Observatory on Drugs in Grenada. It performs the administrative functions of GRENDEN.

Indicators

Twelve (12) Indicators comprise the ***GRENDEN Statistical Report of Indicators***. The Report is published biannually.

Appendix 1 contains a list of the twelve Indicators.

Acknowledgements

The Drug Control Secretariat wishes to thank all Officers, Ministries and Departments, who provided statistical data, conducted research on drug use, and contributed to the production of the, '**Annual Report, Grenada Drug Epidemiology Network (GRENDEN) 2014**'.

Special thanks to the following Officials who provided statistics and technical assistance for the preparation of the said report:

Dr. Cecilia Younger, Professor of Biostatistics, St. George's University

Ms. Verlina Straker, Medical Records Clerk, Medical Records Department, General Hospital

Ms. Joanna Humphrey, Matron, Mt. Gay Psychiatric Hospital

Mr. Kester Charles, Prison Officer, Her Majesty's Prisons

Ms. Portia Fraser, Senior Customs Officer, Customs and Excise Department

Mr. Raymond Lockiby, Sergeant, Financial Intelligence Unit

Mr. Raymond Lockiby, Sargent, Financial Intelligence Unit

Mr. Sharm Roberts, Corporal, Criminal Investigation Department, Royal Grenada Police Force

Mr. Toppin Pierre, Sergeant, Criminal Records Office, Royal Grenada Police Force

Mr. Gary Cox, Nurse, Carlton House

Mrs. Brenda Scott, Ward Manager, Carlton House

Ms. Marcelle Belmar, Pharmacy Inspector, Ministry of Health

Mr. Sean Henry, Chief Analytical Chemist, Produce Chemist Laboratory

Mr. Esau Pierre, Superintendent, Immigration Department, Royal Grenada Police Force

Mr. Elion Purcell, Sergeant, Immigration Department, Royal Grenada Police Force

Staff, Drug Control Secretariat

Our appreciation is also extended to the Materials Production Unit of the Ministry of Education and Human resource Development, which assisted in the formatting and layout of this report.

Summary of Data

The following is a summary of key findings of the GRENDEN Statistical Report of Indicators, 1 January to 30 June 2015, in four (4) thematic areas.

1. **Drug Consumption**
2. **Drug Production**
3. **Consequences of Drugs**
4. **Results of Policy and/or Program Responses**

It presents statistical data on areas such as drug-related arrests, seizures, court cases, incarcerations, financial crimes, treatment and rehabilitation, pharmaceuticals and controlled chemical substances, tests for the presence of drugs, criminal deportees to Grenada, and firearms, ammunition, explosives and other related materials.

The following are key findings of the GRENDEN Statistical Report of Indicators, 1 January to 30 June 2015.

Drug Consumption

- i. No studies were conducted on the prevalence of drug use.

Drug Production

- i. The Royal Grenada Police Force (RGPF) seized 9.70 kg of cocaine, 4,466.50 kg of cannabis, 1,241 units of cannabis plants and 1,559 units of cannabis cigarettes.
- ii. There were no seizures of pharmaceutical products or controlled substances (chemical precursors)
- iii. No illicit laboratories for drugs of natural or synthetic origin were detected or dismantled.

Consequences of Drugs

- i. Data from the Criminal Records Office of the RGPF indicated that 407 persons were arrested for drug related offences; this number comprised of 389 males (95 %) and 18 females (5%).
- ii. Thirty-two (31) or 8% of persons arrested were between 15 to 19 years.
- iii. The main offence for which persons were arrested was possession of drugs (cannabis).
- iv. Two (2) firearms and eleven (11) rounds of ammunition were seized in relation to narcotrafficking.
- v. Thirty-one (31) persons (25 males and 6 females) were admitted to Carlton House, while sixty-one (61) persons (56 males and 5 females) were admitted to the General Hospital for problems derived from the consumption of drugs,
- vi. Eight patients were admitted to the General Hospital for alcohol liver disease.
- vii. Ninety-seven (97) males were admitted to the Mt. Gay Psychiatric Unit for psychiatric and behavioral disorders due to the use of cannabinoids.

- viii. Thirty-two (32) persons were sentenced to Her Majesty's Prisons for drug-related offences. They were all males.
- ix. Twelve (12) persons, all males were deported to Grenada for criminal offences.
- x. Three (3) persons were sent from Grenada by Immigration authorities for drug-related offences.
- xi. Eleven (11) persons (10 males and 1 female) were arrested and charged for acts of domestic violence in which the consumption of drugs was detected.
- xii. There were seven (7) cases of alcohol-related mortality/comorbidity, recorded at the General Hospital.
- xiii. One hundred and twenty-five (125) persons, which comprised of 122 males and 3 females were convicted for drug-related offences.

Results of Policy and/or Program Responses

- i. Forty-two (42) reports of suspicious transactions to the Financial Intelligence Unit (FIU)
- ii. Two persons were arrested and charged based on investigations in cases of money laundering.
- iii. Five hundred and six (506) samples of drugs were tested by the Produce Chemist Laboratory for the presence of drugs; four hundred and ninety-eight samples were cannabis.
- iv. One (1) administrative sanction was applied in relation to pharmaceutical products.

Data Reported By Thematic Areas

1. Drug Consumption

i. Magnitude of Drug Consumption

No survey was conducted on the magnitude of consumption

ii. Extent, Patterns and Trends in Drugs

The primary drugs consumed were cannabis and crack/cocaine. Materials/equipment used for the packaging and subsequent shipment of cocaine were discovered. No new drugs or new patterns of use was detected, neither was any new groups of drug users identified.

The prices of drugs remained same as in 2014.

Table 1: Retail Prices of Drugs (XCD)

Drug	Price/Price Range (XCD)	Purchase Unit
Marijuana	\$ 1,300.00	kg
	\$ 600.00	lb
	\$ 5.00 - \$ 10.00	unit
Cocaine	\$ 100,000.00	kg
	\$ 45,454.00	lb
Crack	\$ 5.00 - \$ 10.00	g
